

Detailed Implementation Rules for Compulsory Product Certification

Issued on 2021-07-01

Implemented on 2021-07-01

Issued by China Quality Certification Center

CONTENTS

0	Introduction	1
1	Application Scope	1
2	Terms and Definitions	1
3	Reference Standards for Certification	1
4	Certification Mode	1
5	Defining the Certification Unit	2
6	Certification Entrustment.....	2
6.1	Submission and Acceptance of Certification Entrustment.....	2
6.2	Information Required for Certification Entrustment	2
6.3	Implementation Schedule	3
6.4	Certification Process.....	3
7	Implementation of the Certification	3
7.1	Type Test.....	3
7.1.1	Type Test Scheme	4
7.1.2	Requirements for Type Test Samples	4
7.1.3	Type Test Items and Requirements.....	4
7.1.4	Implementation of Type Test	5
7.1.5	Type Test Report.....	5
7.2	Enterprise Quality Assurance Capacity and Product Conformity Check (Initial Factory Inspection) ...	5
7.2.1	Basic Principles	5
7.2.2	Factory Inspection	5
7.2.2.1	COP control plan review	5
7.2.2.2	COP on-site inspection	6
7.2.3	Structure and Technical Parameters Check and Inspection.....	7
7.2.4	Factory Inspection Result	7
7.2.5	Factory Inspection Time	7
7.3	Admissibility of Other Conformity Evaluation Results	7
7.4	Certification Evaluation and Decision.....	8
7.5	Certification Time-limit.....	8
8	Post-Certification Supervision	9
8.1	Post-certification Follow-up Inspection.....	9
8.1.1	Principle of post-certification follow-up inspection.....	9
8.1.2	Content of post-certification follow-up inspection	10
8.2	Sampling Testing/Inspection at Production Site	10
8.2.1	Principle of sampling testing/inspection at production site	10
8.2.2	Content of sampling testing/inspection at production site	10
8.3	Market Sampling Testing/Inspection	10
8.3.1	Principle of market sampling testing/inspection	11
8.3.2	Content of market sampling testing/inspection	11
8.4	Frequency and Time of Post-certification Supervision	11
8.5	Record of Post-certification Supervision	11

8.6	Evaluation on Post-certification Supervision Result	11
8.7	Management of Conformity Parameters	11
9	Certificate.....	11
9.1	Format and Content of the Certificate	11
9.2	Maintenance of the Certificate	13
9.3	Modification/Extension of the Certificate	13
9.3.1	Basic requirements for certification modification/extension.....	14
9.3.2	Test and factory inspection for certification modification/extension	14
9.3.3	Information change appropriate to certification modification/extension.....	14
9.4	Suspension, Cancellation and Revocation of the Certificate.....	14
9.5	Usage of the Certificate	14
10	Certification Mark and Certificate of Conformity (COC)	14
10.1	Certification Mark.....	14
10.2	Application of the Mark	14
10.3	Certificate of Conformity (COC)	14
11	Charges	14
12	Certification Responsibilities	14
13	Requirements for the Process and Time Limit Concerning Technical Disputes and Claims	14
	Appendix 1: Reference Standards and Type Test Items.....	16
	Appendix 2: Provisions on the Administration of Individual Homologation for Motorcycles	22
	Appendix 2 Annex 1: Structure and Technical Parameters of Products for Individual Homologation	24
	Appendix 2 Annex 2: Individual Homologation Test Scheme.....	30
	Appendix 3: Principles for the Classification of Manufacturing Enterprises	38
	Appendix 4: List of Information Required for Certification Entrustment	41
	Appendix 5: Type Test Scheme	43
	Appendix 6: Utilization of Manufacturing Enterprise's Resources	52
	Appendix 7: Requirements for the Content of COP Control Plan and Implementation Report	54

0 INTRODUCTION

The Detailed Implementation Rules of Motorcycle Products (hereinafter referred to as “Detailed Rules”) was established in accordance with CNCA-C11-02:2021 “Implementation Rules for Compulsory Product Certification - Motorcycles” (hereinafter referred to as “Implementation Rules”). This document serves as the supporting document for the Implementation Rules and is used together with the Implementation Rules.

Based on the principles of maintaining validity of product certification, improving product quality, serving certification clients and controlling certification risks, this document was developed and issued in accordance with CNCA-00C-003 “Implementation Rules for Compulsory Product Certification - Classified Management, Selection and Determination of Certification Mode for Factories”, CNCA-00C-004 “Implementation Rules for Compulsory Product Certification - Utilization of Factory’s Testing Resources and Other Certification Results”, CNCA-00C-005 “Implementation Rules for Compulsory Product Certification - Requirements for the Factory’s Quality assurance capacity”, and CNCA-00C-006 “Implementation Rules for Compulsory Product Certification - General Requirements for Factory Inspection” issued by the Certification and Accreditation Administration of the People’s Republic of China (hereinafter referred to as “CNCA”) , as well as the requirements of documents publicly issued by the China Quality Certification Center (hereinafter referred to as “CQC”).

1 APPLICATION SCOPE

For the application scope of motorcycle products, Clause 1 of the Implementation Rules applies.

2 TERMS AND DEFINITIONS

For the terms and definitions about motorcycle products, Clause 2 of the Implementation Rules applies.

For the terms and definitions about certification, the requirements of “Provisions on the Administration of Compulsory Product Certification” and all implementation rules apply.

3 REFERENCE STANDARDS FOR CERTIFICATION

For the reference standards for certification, Clause 3 of the Implementation Rules applies, and the CQC performs certification according to Appendix 1 “Reference Standards and Type Test Items” of this document.

In principle, the latest edition of the referenced standards for certification testing, issued by the national authority for standardization administration, shall apply. Where an applicable standard requires to be added or deleted or other edition and clause(s) of a standard is required, the CNCA announcement appropriate to standard requirements or the technical decisions made by the CNCA Technical Committee on Motorcycles and Their Parts (TC12) shall apply.

In the case where any national laws & regulations and applicable standards concerning safety, environmental protection, energy conservation and protection against unauthorized use of motorcycle products is not included (or included partially) in this document, the producer and manufacturing enterprise shall fulfill the appropriate requirements consciously.

4 CERTIFICATION MODE

The relevant certification mode shall be determined according to Clause 4 of the Implementation Rules.

- 1) Type Test + Enterprise Quality Assurance Capacity and Product Conformity Check (Initial Factory Inspection) + Post-certification Supervision

Type test is based on the tests required to be indicated in the Implementation Rules and this document.

The quality assurance capacity and product conformity of motorcycle manufacturing enterprises
